

Summer Camp for Children in Digital Learning and Multimedia

Context

May 28, 2018

CIET-NCERT is organizing a summer camp for children which will be of 2 weeks starting from 4-15 June, 2018 on all working days (excluding Saturdays and Sundays). The focus of this will be to introduce the children to various ICT skills through fun-filled activities. The maximum number of entry will be of 40 children of classes V-X. Those interested may kindly fill up the registration form. The last date for accepting the form is 31st May, 2018. Selection will be done on first come first serve basis.

The major objective of the summer camp is to inculcate the basic ICT skills for creating digital resources. Through this the curiosity and desire to learn more about the ICT will be prompted. This camp will also provide them the exposure towards the Audio, Video and Multimedia production activities and an ability to negotiate a range of devices, tools, mobile applications, software, information and resources. We will integrate the various skills like reading, writing and listening along with the planned activities so that participants can create their own products through technology. We will try to engage the students in number of activities around different themes and each participant will provide adequate hands-on experience. This exposure along with other activities is intended to prepare them as global citizens in the future with adequate life skills.

The summer camp will have following **objectives**:

- To Develop digital literacy skills that will enable them to function as discerning students in an increasingly digital society
- To create digital resources like video, audio and animations & interact with ICT devices confidently
- To engage children in e-content development
- To expose them towards the methods of expression like creating storyboards, films, animations etc.
- To learn about crafting their stories and ideas into screenplays
- To practise safe, legal and ethical means of using ICT
- To instil the lifelong values of teamwork in a healthy environment
- To approach and experience each activity as an exciting learning

Major Themes for the Camp:

1. Puppetry
2. Script writing & Storyboarding
3. Video / Audio Production
4. Digital Art/Photography
5. Animation/comics
6. Ethical use of ICT
